

Staff personal safety including home visits

Safeguarding and Welfare Requirement: Safety

Providers must take reasonable steps to ensure the safety of children, staff and others on the premises

Policy statement

This setting believes that the health and safety of all staff is of paramount importance and that all staff have the right to work in a safe environment. We support safe working both on and off the premises, acknowledging the needs and diversity of children and their family.

Procedures

General

- All staff in the building early in the morning, or late in the evening, ensure doors and windows are locked. The maintenance man also checks at the end of the day.
- Where possible, at least the first two members of staff to arrive in the building arrive together, and the last two members of staff in the building leave together.
- Visitors are generally only allowed access with prior appointments and only admitted once their identity has been verified.
- Minimal petty cash is kept on the premises.
- Meetings and times/person visiting is recorded on the online calendar.
- Managers have good liaison with local police and ask for advice on safe practice where there are issues or concerns.

Dealing with agitated parents in the setting

- If a parent appears to be angry, mentally agitated or possibly hostile, two members of staff will lead the parent away from the children to a less open area, but will not shut the door behind them.
- If the person is standing, staff will remain standing.
- Members of staff will try to empathise and ensure that the language they use can be easily understood.
- Staff will speak in low, even tones, below the voice level of the parent.
- Members of staff will make it clear that they want to listen and seek solutions.

- If the person makes threats and continues to be angry, members of staff make it clear that they will be unable to discuss the issue until the person stops shouting or being abusive, while avoiding potentially inflammatory expressions such as 'calm down' or 'be reasonable'.
- If threats or abuse continues, members of staff will explain that the police will be called and emphasise the inappropriateness of such behaviour in front of children.
- After the event, details are recorded in the child's personal file together with any decisions made with the parents to rectify the situation and any correspondence regarding the incident.
